Dear Ms. Jones:

On Friday, October 17, 1986, personnel from the City of Springfield's Water Pollution Control Section observed what was apparently sewage being pumped from your septic tank into the drainage ditch on the back of your property.

Please be advised that such a discharge is a violation of Federal, State, and City Water Pollution Control Laws and a violation of City Health Ordinances. It is specifically a violation of Chapter 30, Wastewater Regulations section 30-11, "Waste Disposal," which says:

It shall be unlawful for any person to place, deposit, cause, or permit to be disposed of in any unsanitary manner upon public or private property within the City or in any area under the jurisdiction of the City, any domestic waste, garbage, pollutant, or other objectionable waste.

This office advises you to cease this discharge immediately and to dispose of such wastes in a proper waste treatment system.

If you have any questions, please don't hesitate to call.

Yours truly,

Karen Chandler  
Water Pollution Control Inspector II  
Surveillance & Enforcement
